## **Fatal stabbing in Samson**

The Alabama Bureau of Investigation and Samson Police Department are investigating a stabbing death in Samson at 613 S. Bay St. that reportedly involved domestic violence.

Samson Assistant Police Chief Darrell Smith confirmed that the victim is Edward Owen Andrews, 29. The stabbing was done at Andrews' residence on Saturday afternoon, Smith said. A person of interest is in custody on other charges, and investigation continues. The name of that person has not been released and no charges had been filed by holiday press time on Monday morning. More information will be reported as it is made available.

Smith reported that Andrews and the person of interest have been charged with multiple county of physical and verbal domestic violence in the past. Andrews had an opportunity to evict the other person in September 2013, but he did not choose to do so.
